

AMENDMENT #2: AMREYA REFINERY MODERNIZATION

POC: Anna Amaya, USTDA, 1101 Wilson Boulevard, Suite 1100, Arlington, VA 22209-3901,
Tel: (703) 875-4357, Fax: (703) 775-4037, Email: RFP@ustda.gov.

Please note that the Request for Proposals (RFP) for the FEASIBILITY STUDY for the AMREYA REFINERY is amended, as follows:

Questions, Answers and Clarifications: This amendment consists of clarifying questions and answers submitted by potential Offerors regarding the RFP packet. Responses to submitted questions are attached.

Q: Pre Feasibility report – Can we get access to the pre-feasibility report – to understand the following statements:

a. “Technical contractors who evaluated the Project for USTDA estimated that efficiency gains at the refinery would permit it to produce up to two percent more volume of refined products from the same volume of crude oil, an increase in the amount of approximately 540,000 barrels of refined products annually.” and “ARPC aims to increase production capacity to reach between 10 to 25 percent” – which implies increase in emissions.

b. “Automation will help to reduce losses, increase productivity, and improve products blending all resulting in better margins for the refinery. EGPC provided an estimate of the margins and the expected improvement with Automation.

A: The information contained in Appendix 2 to the RFP is the only information that will be issued in advance of the award. No further information will be forthcoming.
